

MAKE YOUR VOICE HEARD IN THE CITY OF SANTA PAULA!

The City encourages residents to get involved in its district formation process by sharing their input on where district lines should be drawn. Join us at the next two public meetings to share your thoughts!

The Santa Paula City Council is holding a district formation public hearing on Wednesday, August 17, 2022 during the regularly scheduled City Council meeting at 6:30 PM to discuss the background of district formation and public input received thus far.

On Wednesday, September 14, 2022, the City of Santa Paula is hosting an in-person district formation workshop where residents will have the opportunity to discuss which communities should be kept together in one district and learn how to draw their own map for City Council consideration.
